INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS

Board Members of Livingston Parish Sewer District One Denham Springs, Louisiana

I have audited the accompanying basic financial statements of the Livingston Parish Sewer District One, a component unit of the Livingston Parish Council, as of and for the year ended December 31, 2008, as listed in the Table of Contents. These basic financial statements are the responsibility of Livingston Parish Sewer District One's management. My responsibility is to express an opinion on these basic financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the Louisiana Governmental Audit Guide. Those standards and the guide require that I plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position and the results of operations and cashflows of the Livingston Parish Sewer District One, as of December 31, 2008, and for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued my report dated July 26, 2009, on my consideration of the Livingston Parish Sewer District One's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, and contracts. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of my audit.

My audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Livingston Parish Sewer District One's basic financial statements. The accompanying supplementary information, such as the Management's Discussion and Analysis and the Other Supplemental Schedules, as listed in the Table of Contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the Livingston Parish Sewer District One, but is required by the Governmental Standards Board or other standards. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, I did not audit the information and express no opinion on it.

Leroy J. Chustz Certified Public Accountant July 26, 2009

Required Supplemental Information (Part I)

Management's Discussion and Analysis

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Introduction

The Livingston Parish Sewer District One (the District) is pleased to present its Annual Financial Statements developed in compliance with Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements - Management's Discussion and Analysis - For State and Local Governments (GASB 34), and related standards.

The District's discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the District's financial activity, (c) identify changes in the District's financial position, (d) identify any significant variations from the District's financial plan, and (e) identify individual fund issues or concerns.

Since Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes, and currently known facts, please read it in conjunction with the District's financial statements in this report.

Financial Highlights

- At December 31, 2008, total assets were \$1,820,319, and exceeded liabilities in the amount of \$1,424,144 (i.e., net assets). Of the total net assets, \$672,078 was unrestricted and available to support short-term operations, with the balance invested in capital assets, net of related debt.
- Total bonds payable decreased to \$266,565 at December 31, 2008 compared to \$289,541 at the end of the prior fiscal period, because of payment of bond principal.
- For the year ended December 31, 2008, user fee revenues (sewer sales) decreased to \$284,571 as compared to \$294,483 for the fiscal year ending December 31, 2007. However, total operating revenues increased to \$407,079 as compared to \$299,866 for the fiscal year ending December 31, 2008, with the increase due primarily to increases in impact fees.
- The District's operating expenses increased by \$155,883 to \$421,238 as compared to \$265,355 for the prior fiscal year. The increase is due primarily to increases in the repairs and maintenance category of \$103,268 due to Hurricane Gustav and for maintenance of system facilities.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Overview of the Annual Financial Report

Management's Discussion and Analysis (MD&A) serves as an introduction to the basic financial statements and supplementary information. The MD&A presents an overview of management's examination and analysis of Washington Parish Gas Utility District No. One's financial condition and performance.

The financial statements report information on the District using full accrual accounting methods similar to those used in the private business sector. Financial statements include the Balance Sheet, Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows. The Balance Sheet provides information about the nature and amount of the District's resources and obligations at year-end, and provides a basis for evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District.

The Statement of Revenues, Expenses, and Changes in Net Assets, accounts for the revenues and expenses for the fiscal year, and provides information on how net assets changed during the year. This statement measures the success of the District's operations in a format that can be used to determine if the District has recovered its costs through user fees and other charges.

The Statement of Cash Flows reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities, and provides information on the source of cash receipts, what the cash was used for, and the total change in cash for the reporting period.

The notes to the financial statements provide required disclosures essential to an understanding of the financial statements. The notes present information about the District's accounting policies, significant account balances and activities, commitments, contingencies, and subsequent events, if any. Supplementary information includes a comparative budget schedule, key information schedules on operation of the District, and if applicable, schedules detailing audit findings and management response, as well as required reports for Single Audit disclosure.

Financial Analysis

The purpose of financial analysis is to help determine whether Livingston Parish Sewer District One is better off as a result of the current year's activities. In this analysis, data from two of the basic financial statements, the Balance Sheet, and the Statement of Revenues, Expenses, and Changes in Net Assets, are presented below in condensed format. These statements report the net assets, the difference between assets and liabilities, and the change in net assets, which provides information for indicating the financial condition of the District. Following these statements is a separate schedule summarizing and analyzing budget changes for the current fiscal year.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Condensed Balance Sheet 2008 and 2007

	_	2008		2007	Dollar <u>C</u> hange	Percentage Change
Assets:	-	·				
Current and Other Assets	\$	872,188	\$	852,540	\$ 19,648	2%
Capital Assets		948,131		888,791	59,340	7%
Total Assets	_	1,820,319	-	1,741,331	78,988	5%
Liabilities:						
Long-Term Debt Outstanding		242,584		266,560	(23,976)	-9%
Other Liabilities		153,591		37,738	115,853	307%
Total Liabilities	-	396,175		304,298	91,877	30%
Net Assets:						
Invested in Capital Assets, Net of Related Debt		669,642		586,232	83,410	14%
Restricted for Capital Activity and Debt Service		82,424		78,959	3,465	4%
Unrestricted		672,078		771,842	(99,764)	-13%
Total Net Assets	\$_	1,424,144	\$_	1,437,033	(12,889)	-1%

[&]quot;Current and Other Assets" remained relatively constant from the prior fiscal year.

[&]quot;Capital Assets" increased by \$59,340, reflecting the purchase of two pump stations at \$106,828 less the effect of depreciation recorded on capital assets of \$47,489.

[&]quot;Total Net Assets" (total assets less total liabilities) decreased by \$12,889 for the fiscal year ending December 31, 2008, because of changes in revenues and expenses described below.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Condensed Statement of Revenues, Expenses and Changes in Net Assets 2008 and 2007

	-	Year ended December 31, 2008		Year ended December 31, 2007		Dollar Change	Percentage Change
Revenues:							
Operating Revenues	\$	407,079	\$	299,866	\$	107,213	<i>36</i> %
Nonoperating Revenues	_	24,460		30,214	_	(5,754)	-19%
Total Revenues	_	431,539	-	330,080		101,459	31%
Expenses:							
Depreciation Expense		47,489		46,639		850	2%
Other Operating Expense		373,749		218,716		155,033	71%
Nonoperating Expense	_	23,190		15,516		7,674	49%
Total Expenses		444,428		280,871	_	163,557	58%
Changes in Net Assets		(12,889)	_	49,209		(62,098)	-126%
Beginning Net Assets	_	1,437,033		1,387,824		49,209	4%
Ending Net Assets	\$_	1,424,144	\$	1,437,033	\$.	(12,889)	-1%

While the Balance Sheet shows the change in financial position of net assets, the Statement of Revenues, Expenses, and Changes in Net Assets provides answers to the nature and scope of these changes. The above table gives an indication of how Livingston Parish Sewer District One is being conservatively managed.

Total "Operating Revenues" (including sewer fees and charges related to providing sewer services to customers) increased by \$107,213 primarily because of a \$108,798 increase in revenue from impact fees. Nonoperating Revenues, consisting primarily of interest income, decreased by \$5,754.

Total operating expenses, other than depreciation, increased by \$155,033 from the prior fiscal year reflecting primarily an increase in the repairs and maintenance category of \$103,268 due to Hurricane Gustav and for maintenance of system facilities. "Depreciation Expense" remained relatively constant, and "Nonoperating Expenses" increased by \$7,674 primarily because of \$8,961 incurred for storm expenses.

The District showed a loss of \$12,889 (change in net assets) for the fiscal year ending December 31, 2008, primarily due to the effects of Hurricane Gustav and increased costs of operation.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Budgetary Highlights

Livingston Parish Sewer District One adopts an annual operating budget in accordance with requirements of the United States Department of Agriculture, Rural Utilities Service. This budget provides an estimate for the current fiscal year of the proposed expenditures and the revenues that will finance the operations of the District. The operating budget is adopted before the end of the prior fiscal year, and is amended by the Board of Commissioners after review of monthly budget-to-actual financial reports. A summary of the approved budget is presented below in a condensed format summarizing major revenue and expenditure categories, and is followed by analysis of significant variations between budget and actual amounts. Although not presented as a part of the basic financial statements, a more detailed schedule is also presented in "Schedule 1 - Budgetary Comparison Schedule", as supplementary information, following the footnotes to the financial statements.

Budget vs. Actual - Fiscal Year ended December 31, 2008

	_	Budget Year ended December 31, 2008		Actual Year ended December 31, 2008		Favorable (Untavorable) Variance
Revenues:						
Operating Revenues	\$	411,500	\$	407,079	\$	(4,421)
Nonoperating Revenues	_	17,000		24,460		7,460
Total Revenues	-	428,500	-	431,539		3,039
Expenses:						
Depreciation Expense		48,000		47,489		511
Other Operating Expense		368,100		373,749		(5,649)
Nonoperating Expense	_	25,000	_	23,190	_	1,810
Total Expenses	_	441,100		444,428		(3,328)
Income (Loss)	\$	(12,600)	\$	(12,889)	\$	(289)

There was no significant variation between budgeted and actual revenues or budgeted and actual expenses.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Other Significant Trends and Account Changes

Included within this section is first a listing and analysis of general trends and operating data affecting the operation of the District. This is followed by an analysis of any significant account changes, not included within other sections of the Management's Discussion and Analysis.

Capital Assets and Debt Administration

Capital Assets

At the end of the fiscal year ending December 31, 2008, Livingston Parish Sewer District One had \$948,131 (net of accumulated depreciation) recorded in capital assets. This includes sewer line systems and improvements, buildings, land, and machinery and equipment used to operate the sewerage system. The changes in capital assets are presented in the table below.

		December 31, 2008	December 31, 2007		Increase (Decrease)	Percentage Change
Capital Assets	-	•	 	_		
Land	\$	55,432	\$ 55,432	\$	_	0%
Utility System		1,469,583	1,362,754		106,829	8%
Buildings		168,225	168,225		-	0%
Machinery & Equipment	_	104,775	 104,775	_		0%
Subtotal		1,798,015	1,691,186		106,829	6%
Less: Accumulated Depreciation	_	(849,884)	 (802,395)	_	(47,489)	<i>6</i> %
Net Capital Assets	\$	948,131	\$ 888,791	\$_	59,340	7%

Capital Assets increased in total by \$106,829 with the purchase of two new pump stations.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Long-Term Debt

The primary source of long-term financing for Livingston Parish Sewer District One is revenue bonds financed by the United States Department of Agriculture and revenue refunding bonds financed at a local banking institution. Interest rates for long-term debt financed through USDA are at annual rate of 5.0%; financing for the revenue refunding bonds is at 6.0%.

Bonds financed for Livingston Parish Sewer District One do not generally require a specific debt to net income or net cash flow ratio, but bond restrictions do state that the District must set its sewer rates at a level necessary to fund debt service requirements and to pay for the normal operating expenses of the District. One measure of the operating performance of the District is the Debt to Net Assets ratio. This measure, viewed over time, yields a comparison of how the District has maintained a workable ratio of total debt to net resources of the District. An increase over an extended period of time would indicate that the District is increasing debt in relation to its operating performance, and management should analyze other factors, such as overall profitability, to ensure that total debt is increased only in relation to the income that will be earned by financed expansions. As indicated, the ratio is only a measure of performance and should be reviewed over an extended period of time in combination with other factors that indicate the profitability of the District.

	December 31, 2008	December 31, 2007
Total Long-Term Debt Total Net Assets	\$ 242,584 1,424,144	\$ 266,560 1,437,033
Total Long-Term Debt to Net Assets Ratio	17.03%	18.55%

Future Economic Plans

The Livingston Parish Sewer District One's management approach is conservative. The Board actively monitors revenues and expenses and evaluates the costs of proposed expansion projects. The overall approach is to offer services at the lowest cost possible but to actively pursue projects that result in better service for customers.

Basic Financial Statements Notes to the Financial Statements

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

INTRODUCTION

Livingston Parish Sewerage District Number One (the District) was created by the Livingston Parish Police Jury (now the Livingston Parish Council) on October 26, 1974, pursuant to the provisions of R.S. 33:3811, et. seq., of the Louisiana Revised Statutes of 1950.

The District is located in Denham Springs, Louisiana. The purpose of the District is to provide sanitation services to customers within the boundaries of the District. The board is composed of three board members appointed by the Livingston Parish Council. Board members are compensated for meeting attendance at the rate of \$60.00 per meeting.

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Livingston Parish Sewer District One is considered a component unit of the Livingston Parish Council. As a component unit, the accompanying financial statements should be included within the reporting of the primary government, either blended into those financial statements or separately reported as discrete component units.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Measurement Focus and Basis of Accounting and Financial Statement Presentation

The District's financial statements are prepared on the full accrual basis in accordance with accounting principles generally accepted in the United States of America. The District applies all Governmental Accounting Standards Board (GASB) pronouncements as well as Financial Accounting Standards Board (FASB) statements and interpretations, and the Accounting Principle Board (APB) of the Committee On Accounting Procedure, issued on or before November 30, 1989, unless those pronouncements conflict or contradict with GASB pronouncements.

These financial statements are presented in conformance with GASB Statement No. 34, Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments. Statement No. 34 established standards for financial reporting, with presentation requirements including a statement of net assets (or balance sheet), a statement of activities and changes in net assets, and a statement of cash flows. The District has also adopted the provisions of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, that require capital contributions to the District be presented as a change in net assets.

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

All activities of the District are accounted for in a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprise, where the intent of the governing authority is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

The government-wide financial statements report information on all of the nonfiduciary activities of Livingston Parish Sewerage District One. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. All individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements. The Livingston Parish Sewerage District One has no governmental funds and only one proprietary fund.

Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liabilities are incurred.

The term focus denotes what is being measured and reported in the District's operating statement. Financial operations of the District are accounted for on the flow of economic resources measurement focus. With this measurement focus, all of the assets and liabilities available to the District for the purpose of providing goods and services to the public are included on the balance sheet. The activity statement includes all costs of providing goods and services during the period.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are user charges for the services provided by the enterprise funds. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

B. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. State law and the District's investment policy allow the District to invest in collateralized certificates of deposit, government-backed securities, commercial paper, the state-sponsored investment pool, and mutual funds consisting solely of government-backed securities.

C. Investments

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 and the District's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

The following disclosures are required by GASB Statement No. 31:

- The District uses the quoted market prices to estimate the fair value of the investments.
- None of the investments are reported at amortized cost.
- There is no involuntary participation in an external investment pool.

D. Inventories

Purchases of various operating supplies are regarded as expenditures at the time purchased, and inventories of such supplies (if any) are not recorded as assets at the close of the fiscal year. As of December 31, 2008, the District had no significant inventory.

E. Prepaid Items

Payments made to vendors that will benefit periods beyond the end of the current calendar year are recorded as prepaid items. Prepaid items consist of prepaid insurance premiums.

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

F. Restricted Assets

Certain proceeds of the enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets because their use is limited by applicable bond covenants.

G. Capital Assets

Capital assets of the District are defined by the District as assets with an initial, individual cost of more than \$500, and an estimated useful life in excess of one year. Capital assets are recorded at either historical cost or estimated historical cost. Donated assets, including water systems donated for continued maintenance by the District, are valued at their estimated fair market value on the date donated. Depreciation of all exhaustible fixed assets is charged as an expense against operations. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, as follows:

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Description	Estimated Lives
To Control of the Control	40
Infrastructure assets	40
Land improvements	40
Buildings and building improvements	40
Furniture and fixtures	5-10
Vehicles	5
Equipment	3-10

The costs of normal maintenance and repairs that do not add to the value of the asset or materiality or extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

H. Compensated Absences

Employees of the District can earn leave based on the number of hours worked each pay period. At this time the District has no provisions for leave carryover; therefore, a leave accrual was not recorded in the financial statements.

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

I. Long-Term Obligations

Long-term liabilities are recognized within the Enterprise Fund. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt using the effective interest method.

J. Net Assets

GASB Statement No. 34, Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments, requires classification of net assets, the difference between the District's assets and liabilities, into three components, as described below:

- Invested in capital assets, net of related debt This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, or indebtedness attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net assets calculation as unspent proceeds.
- Restricted This component of net assets consists of constraints placed on net
 asset use through external constraints imposed by creditors (such as through
 debt covenants), grantors, contributors, or laws or regulations of other
 governments or constraints imposed by law through constitutional provisions
 or enabling legislation.
- Unrestricted This component of net assets consists of net assets that do not
 meet the definition of "restricted" or "invested in capital assets, net of related
 debt".

K. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the municipality, which are either unusual in nature or infrequent in occurrence.

L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

assumptions that effect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. CASH AND CASH EQUIVALENTS

At December 31, 2008, the District had cash and cash equivalents (book balances) totaling \$199,071, as follows:

	Decem	ber 31, 2008
Demand Deposits	\$	140,839
Trust Funds		58,232
Total	\$	199,071

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance of the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2008, the District has \$201,702 in cash and cash equivalents deposits (collected bank balances), consisting of \$143,470 in demand deposits and \$58,232 in Trust Funds. The demand deposits of \$143,470 are secured from risk by \$250,000 of federal deposit insurance and the \$58,272 of Trust Funds consists of United States treasury securities not required to be collateralized.

In addition, at December 31, 2008, the District also has \$628,618 in certificates of deposits categorized as investments. The \$628,618 consists of a \$34,748 certificate of deposit at one bank fully collateralized by federal deposit insurance, and \$593,870 of certificates of deposit secured from risk by \$250,000 of federal deposit insurance and \$343,870 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statutes 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand.

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

Deposits (bank balances) secured at December 31, 2008, are as follows:

Category 1 – Insured by FDIC or collateralized with securities held by the Board or by its agent in its name.

Category 2 – Uninsured but collateralized with securities held by the pledging financial institution's trust department or agent in the Board's name.

Category 3 – Uninsured and uncollateralized; or collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Board's name; or collateralized with no written or approved collateral agreement.

				Custody	Credit Ris	k Ca	tegory	N	ot Required		
Type of Deposits	_	otal Bank Balance	_	1	2		3	<u>c</u>	To Be ollateralized	To	tal Carrying Value
Cash and Cash Equivalents	\$	143,470	\$	143,470		-		-	-	\$	140,839
Certificates of Deposit (With original maturities in excess of three months)		628,618		284,747		- \$	343,87	1	-		628,618
Restricted Assets - Trust Accounts		58,232						<u>- \$</u>	58,232		58,232
Total Deposits	\$	830,320	<u>\$</u>	428,217		<u> </u>	343,87	<u>1</u> \$	58,232	<u>\$</u>	827,689

3. INVESTMENTS

Investments are categorized into these three categories of credit risk:

- 1. Insured or registered, or securities held by the District or its agent in the District's name.
- 2. Uninsured and unregistered, with securities held by the counter party's trust department or agent in the District's name.
- 3. Uninsured and unregistered, with securities held by the counter party, or by its trust department or agent, but not in the District's name.

All investments held by the District fall into Category 1 credit risk, defined as: "insured or registered, or securities held by the District or its agent in the District's name". In accordance with GASB 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, all investments are carried at fair value, with the estimate of fair value based on quoted market prices.

All investments are stated on the balance sheet (carrying value) at market value. All investments are in the name of the District and are held at the District's office. Because their investments are in the name of the District and are held by the District or the District's agent, the investments are considered

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

insured and registered, Category (1), in applying the credit risk of GASB Codification Section I50.164.

4. RECEIVABLE

At December 31, 2008, the District recorded \$23,365 in customer accounts receivable. Billing services for the District are contracted with Ward 2 Water District of Livingston Parish and the City of Denham Springs. Accounts receivable at fiscal year-end includes the amounts collected but not yet remitted to the District. Customer accounts are written off as deemed uncollectible and any allowance for uncollectible accounts is deemed immaterial at fiscal year end.

5. RESTRICTED ASSETS

The following is a summary of restricted assets at December 31, 2008:

	Decembe 31, 2008		
Restricted Cash and Cash Equivalents			
Bond Reserve Account	\$ 14,023

Total	\$	291,248	\$	80,800	\$	372,048

8. FLOW OF FUNDS, RESTRICTIONS ON USE

On February 28, 1984, the District issued \$307,000 of United States Farmers Home Administration (now referred to as USDA) Sewer Revenue Bonds. The bonds were issued at an annual interest rate of 5.0%, and are due in annual installments of \$18,203 through February 28, 2024.

On May 13, 1997, the District issued \$198,000 of Sewer Revenue Refunding Bonds, Series 1997-A, at an interest rate of 6.0%, with the bonds maturing on February 28, 2012. These bonds were issued in parity with the 1984 USDA Bonds and the bond restrictions described below apply to both outstanding revenue bonds.

Sewerage System Bond and Interest Sinking Fund (the Sinking Fund): Each month the District shall transfer from the Sewer Revenue Fund to the regularly designated fiscal agent bank of the Issuer (which must be a member of the Federal Deposit Insurance Corporation), monthly in advance on or before the 20th day of each month of each year a sum equal to ½ of the principal and interest falling due on the next principal and interest payment date, together with such additional proportionate sums as may be required to pay said principals and interest as the same respectively become due. Money in the Sinking Fund shall be deposited as trust funds and shall be used solely and is hereby expressly and exclusively pledged for the purpose of paying principal and interest on the bond and parity bonds. Said fiscal agent shall make available from the revenue bond sinking fund to the paying agent such funds as are available from the Sinking Fund, at least ten days in advance of the date

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

on which each payment of principal or interest falls due, funds fully sufficient to pay promptly the principle and interest so falling due on such date. At fiscal year end, all required bond and interest installments for the District had been made as required, and the Sinking Fund was fully funded.

Sewerage System Revenue Bond Reserve Fund (the Reserve Fund): Each month the District must transfer into the Reserve fund, monthly in advance on or before the 20th day of each month of each year, a sum as equal to 5% of the sum required by applicable bond covenants, such payments to continue until an amount of money has been accumulated in the Reserve Fund equal to the highest combined principal and interest requirements for a succeeding twelve (12) month period on such bonds payable from the Reserve Fund. The amount that must be deposited each month to the Reserve Fund is equal to 5% of the required monthly interest and principal installments for outstanding parity bonds.

The money in the Reserve Fund is to be retained solely for the purpose of paying the principals of interest on bonds payable from the Sinking Fund as to which there would otherwise be default. In the event that additional pari passu bonds are issued hereafter in the manner provided by the resolution, there shall be transferred from the Sewerage System Revenue Fund into the Revenue Bond Sinking Fund, monthly or annually, such amounts (as may be designated in the resolution authorizing the issuance of such pari passu bonds) as will increase the total amount on deposit in the Reserve Fund within a period not exceeding five (5) years from the day of delivery of the parity bonds to a sum equal to the highest combined principal and interest requirements in any succeeding fiscal year on all outstanding bonds issued pursuant to the terms of this resolution, including such pari passu bonds. At fiscal year end, all required Reserve Fund monthly deposits for the District had been made as required, and the reserve Fund was fully funded.

Sewerage System Depreciation and Contingency Fund (the Depreciation and Contingency Fund): Each month the District shall transfer from the Sewerage System Revenue Fund an amount monthly in advance on or before the 20th day of each month of each year beginning with the first month following completion of the improvements and extensions to the System financed with the proceeds of the Bonds, the sum equal to 5% of the amount, but not less that \$168 per month for each parity bond, to be paid monthly into the Sinking Fund. All monies in the Depreciation and Contingency Fund may be drawn on and used by the District for the purpose of paying the cost of unusual or extraordinary maintenance, repairs, replacements and extensions, and the costs of improvements to the Sewerage System will either enhance its revenue-producing capacity or provide a higher degree of service. In the event the available balances in the Revenue Bond Sinking Fund and Sewerage System Revenue Bond Reserve Fund are insufficient, monies on deposit in the Depreciation and Contingency Fund shall be transferred in such amounts as are necessary to eliminate the deficiencies, respectively, in the Revenue Bond Sinking Fund and Reserve Fund. At fiscal year end, all required Depreciation and Contingency Fund monthly deposits for the District had been made as required, and the Depreciation and Contingency Fund was fully funded.

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

9. RESTRICTED AND DESIGNATED NET ASSETS

At December 31, 2008, Livingston Parish Sewer District One recorded \$152,345 in Restricted Net Assets (Restricted for Capital Activity and Debt Service), representing the District's funds restricted by revenue bond debt covenants, contracts with customers for meter deposits, and the unspent portion of capital debt related to amounts restricted for capital projects less liabilities related to these restricted funds. A liability relates to restricted assets if the asset results from incurring the liability or if the liability will be liquidated with the restricted assets.

10. INTERGOVERNMENTAL AGREEMENT

Billing services for the District are contracted to the City of Denham Springs and Waterworks District No. 2 of Livingston Parish. In addition, the District maintains contracts for sewer maintenance, primarily with Livingston Parish Sewer District No. 2, and paid a total of \$147,732, to outside parties for sewer maintenance for the fiscal year ending December 31, 2008.

11. RISK MANAGEMENT

The District is exposed to various risks of loss related to theft, damage, or destruction of assets, torts, injuries, natural disasters, and many unforeseeable events. The District purchases commercial insurance policies and bonds for any and all claims related to the aforementioned risks. The District's payment of the insurance policy deductible is the only liability associated with these policies and bonds.

12. LITIGATION

According to the District's legal counsel, there is no pending litigation against Livingston Parish Sewer District One.

13. OTHER MATTERS

At the time of the issuance of these financial statements there were ongoing investigations conducted by multiple levels of governmental authorities. The specifics of the matters under investigation were not available for inclusion in these financial statements. It is our understanding that one or more reports will be issued upon conclusion of those investigations.

OTHER REPORTS REQUIRED BY GOVERNMENT AUDITING STANDARDS

The following pages contain a report on compliance with laws and regulations and on internal control over financial reporting as required by *Government Auditing Standards*, issued by the Comptroller General of the United States. This report is based solely on the audit of the financial statements and includes, where appropriate, any reportable conditions and/or material misstatements in internal control or compliance matters that would be material to the presented financial statements.

P.O. BOX 158 DENHAM SPRINGS, LA 70727 225/667-2700 Fax: 225/667-3553

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board Members of Livingston Parish Sewer District One Denham Springs, Louisiana

I have audited the basic financial statements of Livingston Parish Sewer District One, Denham Springs, Louisiana, a component unit of the Livingston Parish Council, as of and for the year ended December 31, 2008, and have issued my report thereon dated July 26, 2009. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Livingston Parish Sewer District One's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Livingston Parish Sewer District One's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Livingston Parish Sewer District One's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance

As part of obtaining reasonable assurance about whether the Livingston Parish Sewer District One's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed one instance of noncompliance that is required to be reported under *Government Auditing Standards* and the Louisiana Governmental Audit Guide and which is identified as 2008-1 in the accompanying Schedule of Findings and Questioned Costs.

This report is intended solely for the information and use of Livingston Parish Sewer District One's management, pass-through entities, and the Legislative Auditor, and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Leroy J. Chustz

Certified Public Accountant, APAC July 26, 2009

LIVINGSTON PARISH SEWER DISTRICT NUMBER ONE SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2008

I have audited the basic financial statements of Livingston Parish Sewer District Number One as of and for the year ended December 31, 2008, and have issued my report thereon dated July 26, 2009. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My audit of the financial statements as of December 31, 2008, resulted in an unqualified opinion.

Section I Summary of Auditor's Reports

LIVINGSTON PARISH SEWER DISTRICT NUMBER ONE SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) For the Year Ended December 31, 2008

Section II Financial Statement Findings

2008-1 Timely Issuance of Audited Financial Statements NON COMPLIANCE

Condition

Louisiana Revised Statute 24:517 requires that audited financial statements be issued within six months of the close of the fiscal year.

Finding

The audited financial statements of the year ended December 31, 2008, were not issued timely as required by the above statute.

Recommendation

The District should issue its audited financial statements within six months of the close of the fiscal year for all future periods.

Management's Response

Management contracted with an accounting firm to compile generally accepted financial statements however the firm did not finish the compilation until mid June, 2009. Management intends to require earlier completion of the compilation for the year 2009.

Section III Federal Award Findings and Questioned Costs

No Section III Findings.

July 23, 2009

To the Board of Commissioners of Livingston Parish Sewer District One

I have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Livingston Parish Sewer District One for the year ended December 31, 2008, and have issued my report thereon dated July 26, 2009. Professional standards require that I provide you with the following information related to my audit.

My Responsibility under U.S. Generally Accepted Auditing Standards and Government Auditing Standards

As stated in my engagement letter dated July 21, 2008, my responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. My audit of the financial statements does not relieve you or management of your responsibilities.

As a part of my audit, I considered the internal control of Livingston Parish Sewer District One. Such considerations were solely for the purpose of determining my audit procedures and not to provide any assurance concerning such internal control.

As a part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, I performed tests of Livingston Parish Sewer District One's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of my tests was not to provide an opinion on compliance with such provisions.

My responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

I am responsible for communicating significant matters related to the audit that are, in my professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, I am not required to design procedures specifically to identify such matters.

My responsibility for other information in documents containing the entity's financial statements and report does not extend beyond the financial information identified in the report. I do not have an obligation to perform any procedures to corroborate other information contained in these documents, such as management's discussion and analysis and supplementary budgetary statements.

Planned Scope and Timing of the Audit

I performed the audit according to the planned scope and timing previously communicated to you in my Entrance Memorandum about planning matters on November 19, 2008.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of my engagement letter, I will advise management about the appropriateness of accounting policies and their application. The significant accounting policy used by Livingston Parish Sewer District One is described in Note 1 to the financial statements; no new accounting policies were adopted and the application of existing policies was not changed during 2008. I noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the depreciation expense and useful life of capital assets is based on policy guidelines. I evaluated the key factors and assumptions used to develop the capital asset policy in determining that it is reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of capital assets and the related depreciation expense. Since 52% of total assets are comprised of depreciable capital assets, the estimate of useful lives is particularly significant.

Difficulties Encountered in Performing the Audit

I encountered no significant difficulties in dealing with management in performing and completing my audit.

Corrected and Uncorrected Misstatements

Professional standards require me to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No adjustments were identified in the course of my audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to my satisfaction, that could be significant to the financial statements or the auditor's report. I am pleased to report that no such disagreements arose during the course of my audit.

Management Representations

I have requested certain representations from management that are included in the management representation letter dated July 26, 2009.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the government unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, my professional standards require the consulting accountant to check with me to determine that the consultant has all the relevant facts. To my knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

I generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the government unit's auditor. However, these discussions occurred in the normal course of my professional relationship and my responses were not a condition to my retention.

This information is intended solely for the use of the members of the board and management of Livingston Parish Sewer District One and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Leroy J. Chustz Leroy J. Chustz, CPA, APAC July 26, 2009

INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS

Board Members of Livingston Parish Sewer District One Denham Springs, Louisiana

I have audited the accompanying basic financial statements of the Livingston Parish Sewer District One, a component unit of the Livingston Parish Council, as of and for the year ended December 31, 2008, as listed in the Table of Contents. These basic financial statements are the responsibility of Livingston Parish Sewer District One's management. My responsibility is to express an opinion on these basic financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the Louisiana Governmental Audit Guide. Those standards and the guide require that I plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position and the results of operations and cashflows of the Livingston Parish Sewer District One, as of December 31, 2008, and for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued my report dated July 26, 2009, on my consideration of the Livingston Parish Sewer District One's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, and contracts. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of my audit.

My audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Livingston Parish Sewer District One's basic financial statements. The accompanying supplementary information, such as the Management's Discussion and Analysis and the Other Supplemental Schedules, as listed in the Table of Contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the Livingston Parish Sewer District One, but is required by the Governmental Standards Board or other standards. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, I did not audit the information and express no opinion on it.

Required Supplemental Information (Part I) Management's Discussion and Analysis

Management's Discussion and Analysis

As of and for the Year Ended December 31, 2008

Introduction

The Livingston Parish Sewer District One (the District) is pleased to present its Annual Financial Statements developed in compliance with Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements - Management's Discussion and Analysis - For State and Local Governments (GASB 34), and related standards.

The District's discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the District's financial activity, (c) identify changes in the District's financial position, (d) identify any significant variations from the District's financial plan, and (e) identify individual fund issues or concerns.

Since Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes, and currently known facts, please read it in conjunction with the District's financial statements in this report.

Financial Highlights

- At December 31, 2008, total assets were \$1,820,319, and exceeded liabilities in the amount of \$1,424,144 (i.e., net assets). Of the total net assets, \$672,078 was unrestricted and available to support short-term operations, with the balance invested in capital assets, net of related debt.
- Total bonds payable decreased to \$266,565 at December 31, 2008 compared to \$289,541 at the end of the prior fiscal period, because of payment of bond principal.
- For the year ended December 31, 2008, user fee revenues (sewer sales) decreased to \$284,571 as compared to \$294,483 for the fiscal year ending December 31, 2007. However, total operating revenues increased to \$407,079 as compared to \$299,866 for the fiscal year ending December 31, 2008, with the increase due primarily to increases in impact fees.
- The District's operating expenses increased by \$155,883 to \$421,238 as compared to \$265,355 for the prior fiscal year. The increase is due primarily to increases in the repairs and maintenance category of \$103,268 due to Hurricane Gustav and for maintenance of system facilities.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Overview of the Annual Financial Report

Management's Discussion and Analysis (MD&A) serves as an introduction to the basic financial statements and supplementary information. The MD&A presents an overview of management's examination and analysis of Washington Parish Gas Utility District No. One's financial condition and performance.

The financial statements report information on the District using full accrual accounting methods similar to those used in the private business sector. Financial statements include the Balance Sheet, Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows. The Balance Sheet provides information about the nature and amount of the District's resources and obligations at year-end, and provides a basis for evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District.

The Statement of Revenues, Expenses, and Changes in Net Assets, accounts for the revenues and expenses for the fiscal year, and provides information on how net assets changed during the year. This statement measures the success of the District's operations in a format that can be used to determine if the District has recovered its costs through user fees and other charges.

The Statement of Cash Flows reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities, and provides information on the source of cash receipts, what the cash was used for, and the total change in cash for the reporting period.

The notes to the financial statements provide required disclosures essential to an understanding of the financial statements. The notes present information about the District's accounting policies, significant account balances and activities, commitments, contingencies, and subsequent events, if any. Supplementary information includes a comparative budget schedule, key information schedules on operation of the District, and if applicable, schedules detailing audit findings and management response, as well as required reports for Single Audit disclosure.

Financial Analysis

The purpose of financial analysis is to help determine whether Livingston Parish Sewer District One is better off as a result of the current year's activities. In this analysis, data from two of the basic financial statements, the Balance Sheet, and the Statement of Revenues, Expenses, and Changes in Net Assets, are presented below in condensed format. These statements report the net assets, the difference between assets and liabilities, and the change in net assets, which provides information for indicating the financial condition of the District. Following these statements is a separate schedule summarizing and analyzing budget changes for the current fiscal year.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Condensed Balance Sheet 2008 and 2007

		2008		2007		Dollar Change	Percentage Change
Assets:							
Current and Other Assets	\$	872,188	\$	852,540	\$	19,648	2%
Capital Assets		948,131		888,791		59,340	7%
Total Assets	_	1,820,319	-	1,741,331	-	78,988	5%
Liabilities:			•				
Long-Term Debt Outstanding		242,584		266,560		(23,976)	-9%
Other Liabilities		153,591		37,738		115,853	307%
Total Liabilities	_	396,175		304,298	-	91,877	30%
Net Assets:							
Invested in Capital Assets, Net of Related Debt		669,642		586,232		83,410	14%
Restricted for Capital Activity and Debt Service		82,424		78,959		3,465	4%
Unrestricted		672,078		771,842		(99,764)	-13%
Total Net Assets	\$_	1,424,144	\$_	1,437,033	\$	(12,889)	-1%

[&]quot;Current and Other Assets" remained relatively constant from the prior fiscal year.

[&]quot;Capital Assets" increased by \$59,340, reflecting the purchase of two pump stations at \$106,828 less the effect of depreciation recorded on capital assets of \$47,489.

[&]quot;Total Net Assets" (total assets less total liabilities) decreased by \$12,889 for the fiscal year ending December 31, 2008, because of changes in revenues and expenses described below.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Condensed Statement of Revenues, Expenses and Changes in Net Assets 2008 and 2007

	_	Year ended December 31, 2008		Year ended December 31, 2007		Dollar Change	Percentage Change
Revenues:							
Operating Revenues	\$	407,079	\$	299,866	\$	107,213	3 6 %
Nonoperating Revenues	_	24,460		30,214		(5,754)	-19%
Total Revenues	-	431,539	_	330,080		101,459	31%
Expenses:							
Depreciation Expense		47,489		46,639		850	2%
Other Operating Expense		373,749		218,716		155,033	71%
Nonoperating Expense		23,190		15,516	_	7,674	49%
Total Expenses		444,428		280,871		163,557	58%
Changes in Net Assets	_	(12,889)		49,209	-	(62,098)	-126%
Beginning Net Assets		1,437,033	_	1,387,824		49,209	4%
Ending Net Assets	\$.	1,424,144	\$_	1,437,033	\$	(12,889)	-1%

While the Balance Sheet shows the change in financial position of net assets, the Statement of Revenues, Expenses, and Changes in Net Assets provides answers to the nature and scope of these changes. The above table gives an indication of how Livingston Parish Sewer District One is being conservatively managed.

Total "Operating Revenues" (including sewer fees and charges related to providing sewer services to customers) increased by \$107,213 primarily because of a \$108,798 increase in revenue from impact fees. Nonoperating Revenues, consisting primarily of interest income, decreased by \$5,754.

Total operating expenses, other than depreciation, increased by \$155,033 from the prior fiscal year reflecting primarily an increase in the repairs and maintenance category of \$103,268 due to Hurricane Gustav and for maintenance of system facilities. "Depreciation Expense" remained relatively constant, and "Nonoperating Expenses" increased by \$7,674 primarily because of \$8,961 incurred for storm expenses.

The District showed a loss of \$12,889 (change in net assets) for the fiscal year ending December 31, 2008, primarily due to the effects of Hurricane Gustav and increased costs of operation.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Budgetary Highlights

Livingston Parish Sewer District One adopts an annual operating budget in accordance with requirements of the United States Department of Agriculture, Rural Utilities Service. This budget provides an estimate for the current fiscal year of the proposed expenditures and the revenues that will finance the operations of the District. The operating budget is adopted before the end of the prior fiscal year, and is amended by the Board of Commissioners after review of monthly budget-to-actual financial reports. A summary of the approved budget is presented below in a condensed format summarizing major revenue and expenditure categories, and is followed by analysis of significant variations between budget and actual amounts. Although not presented as a part of the basic financial statements, a more detailed schedule is also presented in "Schedule 1 - Budgetary Comparison Schedule", as supplementary information, following the footnotes to the financial statements.

Budget vs. Actual - Fiscal Year ended December 31, 2008

		Budget Year ended December 31, 2008	 Actual Year ended December 31, 2008	 Favorable (Unfavorable) Variance
Revenues:				
Operating Revenues	\$	411,500	\$ 407,079	\$ (4,421)
Nonoperating Revenues	_	17,000	 24,460	 7,460
Total Revenues	-	428,500	 431,539	 3,039
Expenses:				
Depreciation Expense		48,000	47,489	511
Other Operating Expense		368,100	373,749	(5,649)
Nonoperating Expense	_	25,000	 23,190	 1,810
Total Expenses	_	441,100	 444,428	 (3,328)
Income (Loss)	\$	(12,600)	\$ (12,889)	\$ (289)

There was no significant variation between budgeted and actual revenues or budgeted and actual expenses.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Other Significant Trends and Account Changes

Included within this section is first a listing and analysis of general trends and operating data affecting the operation of the District. This is followed by an analysis of any significant account changes, not included within other sections of the Management's Discussion and Analysis.

General Operating Data

	December 31,	December 31,	Increase
	2008	2007	(Decrease)
Customers	964	941_	23
Total Customers	964	941	23

See accountant's report.

Capital Assets and Debt Administration

Capital Assets

At the end of the fiscal year ending December 31, 2008, Livingston Parish Sewer District One had \$948,131 (net of accumulated depreciation) recorded in capital assets. This includes sewer line systems and improvements, buildings, land, and machinery and equipment used to operate the sewerage system. The changes in capital assets are presented in the table below.

		December 31, 2008	December 31, 2007	Increase (Decrease)	Percentage Change
Capital Assets	_				
Land	\$	55,432	\$ 55,432	\$ -	0%
Utility System		1,469,583	1,362,754	106,829	8%
Buildings		168,225	168,225	_	0%
Machinery & Equipment		104,775	 104,775		0%
Subtotal		1,798,015	1,691,186	106,829	6%
Less: Accumulated Depreciation	_	(849,884)	 (802,395)	 (47,489)	6%
Net Capital Assets	\$	948,131	\$ 888,791	\$ 59,340	7%

Capital Assets increased in total by \$106,829 with the purchase of two new pump stations.

Management's Discussion and Analysis As of and for the Year Ended December 31, 2008

Long-Term Debt

The primary source of long-term financing for Livingston Parish Sewer District One is revenue bonds financed by the United States Department of Agriculture and revenue refunding bonds financed at a local banking institution. Interest rates for long-term debt financed through USDA are at annual rate of 5.0%; financing for the revenue refunding bonds is at 6.0%.

Bonds financed for Livingston Parish Sewer District One do not generally require a specific debt to net income or net cash flow ratio, but bond restrictions do state that the District must set its sewer rates at a level necessary to fund debt service requirements and to pay for the normal operating expenses of the District. One measure of the operating performance of the District is the Debt to Net Assets ratio. This measure, viewed over time, yields a comparison of how the District has maintained a workable ratio of total debt to net resources of the District. An increase over an extended period of time would indicate that the District is increasing debt in relation to its operating performance, and management should analyze other factors, such as overall profitability, to ensure that total debt is increased only in relation to the income that will be earned by financed expansions. As indicated, the ratio is only a measure of performance and should be reviewed over an extended period of time in combination with other factors that indicate the profitability of the District.

	_	December 31, 2008	_	December 31, 2007
Total Long-Term Debt Total Net Assets	\$	242,584 1,424,144	\$	266,560 1,437,033
Total Long-Term Debt to Net Assets Ratio		17.03%		18.55%

Future Economic Plans

The Livingston Parish Sewer District One's management approach is conservative. The Board actively monitors revenues and expenses and evaluates the costs of proposed expansion projects. The overall approach is to offer services at the lowest cost possible but to actively pursue projects that result in better service for customers.

Basic Financial Statements Notes to the Financial Statements

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

INTRODUCTION

Livingston Parish Sewerage District Number One (the District) was created by the Livingston Parish Police Jury (now the Livingston Parish Council) on October 26, 1974, pursuant to the provisions of R.S. 33:3811, et. seq., of the Louisiana Revised Statutes of 1950.

The District is located in Denham Springs, Louisiana. The purpose of the District is to provide sanitation services to customers within the boundaries of the District. The board is composed of three board members appointed by the Livingston Parish Council. Board members are compensated for meeting attendance at the rate of \$60.00 per meeting.

GASB Statement No. 14, The Reporting Entity, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Livingston Parish Sewer District One is considered a component unit of the Livingston Parish Council. As a component unit, the accompanying financial statements should be included within the reporting of the primary government, either blended into those financial statements or separately reported as discrete component units.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Measurement Focus and Basis of Accounting and Financial Statement Presentation

The District's financial statements are prepared on the full accrual basis in accordance with accounting principles generally accepted in the United States of America. The District applies all Governmental Accounting Standards Board (GASB) pronouncements as well as Financial Accounting Standards Board (FASB) statements and interpretations, and the Accounting Principle Board (APB) of the Committee On Accounting Procedure, issued on or before November 30, 1989, unless those pronouncements conflict or contradict with GASB pronouncements.

These financial statements are presented in conformance with GASB Statement No. 34, Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments. Statement No. 34 established standards for financial reporting, with presentation requirements including a statement of net assets (or balance sheet), a statement of activities and changes in net assets, and a statement of cash flows. The District has also adopted the provisions of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, that require capital contributions to the District be presented as a change in net assets.

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

All activities of the District are accounted for in a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprise, where the intent of the governing authority is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

The government-wide financial statements report information on all of the nonfiduciary activities of Livingston Parish Sewerage District One. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. All individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements. The Livingston Parish Sewerage District One has no governmental funds and only one proprietary fund.

Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liabilities are incurred.

The term focus denotes what is being measured and reported in the District's operating statement. Financial operations of the District are accounted for on the flow of economic resources measurement focus. With this measurement focus, all of the assets and liabilities available to the District for the purpose of providing goods and services to the public are included on the balance sheet. The activity statement includes all costs of providing goods and services during the period.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are user charges for the services provided by the enterprise funds. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

B. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. State law and the District's investment policy allow the District to invest in collateralized certificates of deposit, government-backed securities, commercial paper, the state-sponsored investment pool, and mutual funds consisting solely of government-backed securities.

C. Investments

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 and the District's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

The following disclosures are required by GASB Statement No. 31:

- The District uses the quoted market prices to estimate the fair value of the investments.
- None of the investments are reported at amortized cost.
- There is no involuntary participation in an external investment pool.

D. Inventories

Purchases of various operating supplies are regarded as expenditures at the time purchased, and inventories of such supplies (if any) are not recorded as assets at the close of the fiscal year. As of December 31, 2008, the District had no significant inventory.

E. Prepaid Items

Payments made to vendors that will benefit periods beyond the end of the current calendar year are recorded as prepaid items. Prepaid items consist of prepaid insurance premiums.

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

F. Restricted Assets

Certain proceeds of the enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets because their use is limited by applicable bond covenants.

G. Capital Assets

Capital assets of the District are defined by the District as assets with an initial, individual cost of more than \$500, and an estimated useful life in excess of one year. Capital assets are recorded at either historical cost or estimated historical cost. Donated assets, including water systems donated for continued maintenance by the District, are valued at their estimated fair market value on the date donated. Depreciation of all exhaustible fixed assets is charged as an expense against operations. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, as follows:

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Description	Estimated Lives
Infrastructure assets	40
Land improvements	40
Buildings and building improvements	40
Furniture and fixtures	5-10
Vehicles	5
Equipment	3-10

The costs of normal maintenance and repairs that do not add to the value of the asset or materiality or extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

H. Compensated Absences

Employees of the District can earn leave based on the number of hours worked each pay period. At this time the District has no provisions for leave carryover; therefore, a leave accrual was not recorded in the financial statements.

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

I. Long-Term Obligations

Long-term liabilities are recognized within the Enterprise Fund. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt using the effective interest method.

J. Net Assets

GASB Statement No. 34, Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments, requires classification of net assets, the difference between the District's assets and liabilities, into three components, as described below:

- Invested in capital assets, net of related debt This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, or indebtedness attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net assets calculation as unspent proceeds.
- Restricted This component of net assets consists of constraints placed on net
 asset use through external constraints imposed by creditors (such as through
 debt covenants), grantors, contributors, or laws or regulations of other
 governments or constraints imposed by law through constitutional provisions
 or enabling legislation.
- Unrestricted This component of net assets consists of net assets that do not
 meet the definition of "restricted" or "invested in capital assets, net of related
 debt".

K. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the municipality, which are either unusual in nature or infrequent in occurrence.

L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

assumptions that effect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. CASH AND CASH EQUIVALENTS

At December 31, 2008, the District had cash and cash equivalents (book balances) totaling \$199,071, as follows:

	Deceml	ber 31, 2008
Demand Deposits	\$	140,839
Trust Funds		58,232
Total	\$	199,071

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance of the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2008, the District has \$201,702 in cash and cash equivalents deposits (collected bank balances), consisting of \$143,470 in demand deposits and \$58,232 in Trust Funds. The demand deposits of \$143,470 are secured from risk by \$250,000 of federal deposit insurance and the \$58,272 of Trust Funds consists of United States treasury securities not required to be collateralized.

In addition, at December 31, 2008, the District also has \$628,618 in certificates of deposits categorized as investments. The \$628,618 consists of a \$34,748 certificate of deposit at one bank fully collateralized by federal deposit insurance, and \$593,870 of certificates of deposit secured from risk by \$250,000 of federal deposit insurance and \$343,870 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statutes 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand.

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

Deposits (bank balances) secured at December 31, 2008, are as follows:

Category 1 – Insured by FDIC or collateralized with securities held by the Board or by its agent in its name.

Category 2 – Uninsured but collateralized with securities held by the pledging financial institution's trust department or agent in the Board's name.

Category 3 – Uninsured and uncollateralized; or collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Board's name; or collateralized with no written or approved collateral agreement.

Type of Deposits				Custody C	ory	Not Required				
		Total Bank Balance		1	2		3	To Be Collateralized	Total Carrying Value	
Cash and Cash Equivalents Certificates of Deposit (With original maturities in excess of three months)	\$	143,470 628,618	\$	143,470 284,747		- - \$	343,871	-	\$	140,839 628,618
Restricted Assets - Trust Accounts		58,232						\$ 58,232		58,232
Total Deposits	\$	830,320	\$	428,217		<u> </u>	343,871	\$ 58,232	\$	827,689

3. INVESTMENTS

Investments are categorized into these three categories of credit risk:

- 1. Insured or registered, or securities held by the District or its agent in the District's name.
- 2. Uninsured and unregistered, with securities held by the counter party's trust department or agent in the District's name.
- 3. Uninsured and unregistered, with securities held by the counter party, or by its trust department or agent, but not in the District's name.

All investments held by the District fall into Category 1 credit risk, defined as: "insured or registered, or securities held by the District or its agent in the District's name". In accordance with GASB 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, all investments are carried at fair value, with the estimate of fair value based on quoted market prices.

All investments are stated on the balance sheet (carrying value) at market value. All investments are in the name of the District and are held at the District's office. Because their investments are in the name of the District and are held by the District or the District's agent, the investments are considered

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

insured and registered, Category (1), in applying the credit risk of GASB Codification Section I50.164.

4. RECEIVABLE

At December 31, 2008, the District recorded \$23,365 in customer accounts receivable. Billing services for the District are contracted with Ward 2 Water District of Livingston Parish and the City of Denham Springs. Accounts receivable at fiscal year-end includes the amounts collected but not yet remitted to the District. Customer accounts are written off as deemed uncollectible and any allowance for uncollectible accounts is deemed immaterial at fiscal year end.

5. RESTRICTED ASSETS

The following is a summary of restricted assets at December 31, 2008:

	_	ecember 31, 2008
Restricted Cash and Cash Equivalents		
Bond Reserve Account	\$	14,023
Bond Contingency Account		27,269
Bond Sinking Account		16,940
Restricted Investments		
Bond Reserve Account		24,192
Bond Contingency Account		51,797
Bond Sinking Account		18,124
Total Restricted Assets	\$ 152,345	

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

6. CAPITAL ASSETS

A summary of changes in capital assets during the fiscal year ending December 31, 2008, is as follows:

	Beginning Balance 12/31/07		Additions and Reclassifications		Deletions and Reclassifications	 Ending Balance 12/31/08	
Capital Assets Being Depreciated							
Utility System	\$	1,362,754	\$	106,828	-	\$ 1,469,583	
Buildings		168,225		-	-	168,225	
Machinery & Equipment		104,775		-		 104,775	
Total Capital Assets Being Depreciated	\$	1,635,754	\$	106,828		\$ 1,742,583	
Less Accumulated Depreciation

2024 to 2028		18,203		_		18,203			
Total	\$	291,248	\$	80,800	\$	372,048			

8. FLOW OF FUNDS, RESTRICTIONS ON USE

On February 28, 1984, the District issued \$307,000 of United States Farmers Home Administration (now referred to as USDA) Sewer Revenue Bonds. The bonds were issued at an annual interest rate of 5.0%, and are due in annual installments of \$18,203 through February 28, 2024.

On May 13, 1997, the District issued \$198,000 of Sewer Revenue Refunding Bonds, Series 1997-A, at an interest rate of 6.0%, with the bonds maturing on February 28, 2012. These bonds were issued in parity with the 1984 USDA Bonds and the bond restrictions described below apply to both outstanding revenue bonds.

Sewerage System Bond and Interest Sinking Fund (the Sinking Fund): Each month the District shall transfer from the Sewer Revenue Fund to the regularly designated fiscal agent bank of the Issuer (which must be a member of the Federal Deposit Insurance Corporation), monthly in advance on or before the 20th day of each month of each year a sum equal to ½ of the principal and interest falling due on the next principal and interest payment date, together with such additional proportionate sums as may be required to pay said principals and interest as the same respectively become due. Money in the Sinking Fund shall be deposited as trust funds and shall be used solely and is hereby expressly and exclusively pledged for the purpose of paying principal and interest on the bond and parity bonds. Said fiscal agent shall make available from the revenue bond sinking fund to the paying agent such funds as are available from the Sinking Fund, at least ten days in advance of the date

LIVINGSTON PARISH SEWER DISTRICT NUMBER ONE

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

on which each payment of principal or interest falls due, funds fully sufficient to pay promptly the principle and interest so falling due on such date. At fiscal year end, all required bond and interest installments for the District had been made as required, and the Sinking Fund was fully funded.

Sewerage System Revenue Bond Reserve Fund (the Reserve Fund): Each month the District must transfer into the Reserve fund, monthly in advance on or before the 20th day of each month of each year, a sum as equal to 5% of the sum required by applicable bond covenants, such payments to continue until an amount of money has been accumulated in the Reserve Fund equal to the highest combined principal and interest requirements for a succeeding twelve (12) month period on such bonds payable from the Reserve Fund. The amount that must be deposited each month to the Reserve Fund is equal to 5% of the required monthly interest and principal installments for outstanding parity bonds.

The money in the Reserve Fund is to be retained solely for the purpose of paying the principals of interest on bonds payable from the Sinking Fund as to which there would otherwise be default. In the event that additional pari passu bonds are issued hereafter in the manner provided by the resolution, there shall be transferred from the Sewerage System Revenue Fund into the Revenue Bond Sinking Fund, monthly or annually, such amounts (as may be designated in the resolution authorizing the issuance of such pari passu bonds) as will increase the total amount on deposit in the Reserve Fund within a period not exceeding five (5) years from the day of delivery of the parity bonds to a sum equal to the highest combined principal and interest requirements in any succeeding fiscal year on all outstanding bonds issued pursuant to the terms of this resolution, including such pari passu bonds. At fiscal year end, all required Reserve Fund monthly deposits for the District had been made as required, and the reserve Fund was fully funded.

Sewerage System Depreciation and Contingency Fund (the Depreciation and Contingency Fund): Each month the District shall transfer from the Sewerage System Revenue Fund an amount monthly in advance on or before the 20th day of each month of each year beginning with the first month following completion of the improvements and extensions to the System financed with the proceeds of the Bonds, the sum equal to 5% of the amount, but not less that \$168 per month for each parity bond, to be paid monthly into the Sinking Fund. All monies in the Depreciation and Contingency Fund may be drawn on and used by the District for the purpose of paying the cost of unusual or extraordinary maintenance, repairs, replacements and extensions, and the costs of improvements to the Sewerage System will either enhance its revenue-producing capacity or provide a higher degree of service. In the event the available balances in the Revenue Bond Sinking Fund and Sewerage System Revenue Bond Reserve Fund are insufficient, monies on deposit in the Depreciation and Contingency Fund shall be transferred in such amounts as are necessary to eliminate the deficiencies, respectively, in the Revenue Bond Sinking Fund and Reserve Fund. At fiscal year end, all required Depreciation and Contingency Fund monthly deposits for the District had been made as required, and the Depreciation and Contingency Fund was fully funded.

LIVINGSTON PARISH SEWER DISTRICT NUMBER ONE

Denham Springs, Louisiana Notes to the Financial Statements As of and for the Year Ended December 31, 2008

9. RESTRICTED AND DESIGNATED NET ASSETS

At December 31, 2008, Livingston Parish Sewer District One recorded \$152,345 in Restricted Net Assets (Restricted for Capital Activity and Debt Service), representing the District's funds restricted by revenue bond debt covenants, contracts with customers for meter deposits, and the unspent portion of capital debt related to amounts restricted for capital projects less liabilities related to these restricted funds. A liability relates to restricted assets if the asset results from incurring the liability or if the liability will be liquidated with the restricted assets.

10. INTERGOVERNMENTAL AGREEMENT

Billing services for the District are contracted to the City of Denham Springs and Waterworks District No. 2 of Livingston Parish. In addition, the District maintains contracts for sewer maintenance, primarily with Livingston Parish Sewer District No. 2, and paid a total of \$147,732, to outside parties for sewer maintenance for the fiscal year ending December 31, 2008.

11. RISK MANAGEMENT

The District is exposed to various risks of loss related to theft, damage, or destruction of assets, torts, injuries, natural disasters, and many unforeseeable events. The District purchases commercial insurance policies and bonds for any and all claims related to the aforementioned risks. The District's payment of the insurance policy deductible is the only liability associated with these policies and bonds.

12. LITIGATION

According to the District's legal counsel, there is no pending litigation against Livingston Parish Sewer District One.

13. OTHER MATTERS

At the time of the issuance of these financial statements there were ongoing investigations conducted by multiple levels of governmental authorities. The specifics of the matters under investigation were not available for inclusion in these financial statements. It is our understanding that one or more reports will be issued upon conclusion of those investigations.

OTHER REPORTS REQUIRED BY GOVERNMENT AUDITING STANDARDS

The following pages contain a report on compliance with laws and regulations and on internal control over financial reporting as required by *Government Auditing Standards*, issued by the Comptroller General of the United States. This report is based solely on the audit of the financial statements and includes, where appropriate, any reportable conditions and/or material misstatements in internal control or compliance matters that would be material to the presented financial statements.

P.O. BOX 158 DENHAM SPRINGS, LA 70727 225/667-2700 Fax: 225/667-3553

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board Members of Livingston Parish Sewer District One Denham Springs, Louisiana

I have audited the basic financial statements of Livingston Parish Sewer District One, Denham Springs, Louisiana, a component unit of the Livingston Parish Council, as of and for the year ended December 31, 2008, and have issued my report thereon dated July 26, 2009. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Livingston Parish Sewer District One's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Livingston Parish Sewer District One's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Livingston Parish Sewer District One's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance

As part of obtaining reasonable assurance about whether the Livingston Parish Sewer District One's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed one instance of noncompliance that is required to be reported under *Government Auditing Standards* and the Louisiana Governmental Audit Guide and which is identified as 2008-1 in the accompanying Schedule of Findings and Questioned Costs.

This report is intended solely for the information and use of Livingston Parish Sewer District One's management, pass-through entities, and the Legislative Auditor, and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

LIVINGSTON PARISH SEWER DISTRICT NUMBER ONE SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) For the Year Ended December 31, 2008

Section II Financial Statement Findings

2008-1 Timely Issuance of Audited Financial Statements NON COMPLIANCE

Condition

Louisiana Revised Statute 24:517 requires that audited financial statements be issued within six months of the close of the fiscal year.

Finding

The audited financial statements of the year ended December 31, 2008, were not issued timely as required by the above statute.

Recommendation

The District should issue its audited financial statements within six months of the close of the fiscal year for all future periods.

Management's Response

Management contracted with an accounting firm to compile generally accepted financial statements however the firm did not finish the compilation until mid June, 2009. Management intends to require earlier completion of the compilation for the year 2009.

Section III Federal Award Findings and Questioned Costs

No Section III Findings.

LIVINGSTON PARISH SEWER DISTRICT NUMBER ONE SCHEDULE OF PRIOR YEAR FINDINGS For the Year Ended December 31, 2008

SECTION I INTERNAL CONTROL AND COMPLIANCE MATERIAL TO FINANCIAL STATEMENTS

2007-1 Possible Ethics Violation

Status: Resolved

SECTION II INTERNAL CONTROL AND COMPLIANCE MATERIAL TO FEDERAL AWARDS

No Section II Findings.

SECTION III MANAGEMENT LETTER

No Section III Findings.

P.O. BOX 158 DENHAM SPRINGS, LA 70727 225/667-2700 Fax: 225/667-3553

July 23, 2009

To the Board of Commissioners of Livingston Parish Sewer District One

I have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Livingston Parish Sewer District One for the year ended December 31, 2008, and have issued my report thereon dated July 26, 2009. Professional standards require that I provide you with the following information related to my audit.

My Responsibility under U.S. Generally Accepted Auditing Standards and Government Auditing Standards

As stated in my engagement letter dated July 21, 2008, my responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. My audit of the financial statements does not relieve you or management of your responsibilities.

As a part of my audit, I considered the internal control of Livingston Parish Sewer District One. Such considerations were solely for the purpose of determining my audit procedures and not to provide any assurance concerning such internal control.

As a part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, I performed tests of Livingston Parish Sewer District One's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of my tests was not to provide an opinion on compliance with such provisions.

My responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

I am responsible for communicating significant matters related to the audit that are, in my professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, I am not required to design procedures specifically to identify such matters.

My responsibility for other information in documents containing the entity's financial statements and report does not extend beyond the financial information identified in the report. I do not have an obligation to perform any procedures to corroborate other information contained in these documents, such as management's discussion and analysis and supplementary budgetary statements.

Planned Scope and Timing of the Audit

I performed the audit according to the planned scope and timing previously communicated to you in my Entrance Memorandum about planning matters on November 19, 2008.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of my engagement letter, I will advise management about the appropriateness of accounting policies and their application. The significant accounting policy used by Livingston Parish Sewer District One is described in Note 1 to the financial statements; no new accounting policies were adopted and the application of existing policies was not changed during 2008. I noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the depreciation expense and useful life of capital assets is based on policy guidelines. I evaluated the key factors and assumptions used to develop the capital asset policy in determining that it is reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of capital assets and the related depreciation expense. Since 52% of total assets are comprised of depreciable capital assets, the estimate of useful lives is particularly significant.

Difficulties Encountered in Performing the Audit

I encountered no significant difficulties in dealing with management in performing and completing my audit.

Corrected and Uncorrected Misstatements

Professional standards require me to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No adjustments were identified in the course of my audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to my satisfaction, that could be significant to the financial statements or the auditor's report. I am pleased to report that no such disagreements arose during the course of my audit.

Management Representations

I have requested certain representations from management that are included in the management representation letter dated July 26, 2009.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the government unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, my professional standards require the consulting accountant to check with me to determine that the consultant has all the relevant facts. To my knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

I generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the government unit's auditor. However, these discussions occurred in the normal course of my professional relationship and my responses were not a condition to my retention.

This information is intended solely for the use of the members of the board and management of Livingston Parish Sewer District One and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Leroy J. Chustz Leroy J. Chustz, CPA, APAC July 26, 2009
